Night Owl Service Volunteer Form — call Central Office 222-2211 for information

What is Night Owl? What is Night Owl? Night Owl is a volunteer after-hours answering service performed by members of the local A.A. community.

When Central Office is closed at night and on weekends, calls are forwarded to the phone of a volunteer and he/she answers incoming calls from people seeking help or information about A.A.

Why should Dayton have such a service? Right now, calls coming into Central Office after hours are handled by an answering service that uses our 12th Step List to find someone to return a call. The person seeking help must wait, sometimes quite a while, for a return call. With a Night Owl service, the

first person a caller reaches will be a member of A.A., eliminating the non-alcoholic middleman.

Is this done anywhere else? Yes, in many locations. Close to home, Cincinnati's Central Office has had a successful Night Owl program for 10 years involving about 80 volunteers, some of whom are home-bound and find this an ideal way to participate in service. Dayton is following that model.

How will the local Night Owl program work? Volunteers will be provided with training, an up-to-date meeting schedule, access to our 12th Step List, procedures for transferring the phone and other information.

What is required? We are looking for members with at least one year of continuous sobriety, a phone, and the ability to commit to one shift per month. There is also a brief training program required, conducted at the Central Office at your convenience.

How often would I be scheduled? We hope to have enough volunteers to schedule each person for only a single shift each month. A variety of shifts will be available.

When can volunteers sign up? After receiving approval from Intergroup, forms will be circulated and will also appear in the next issue of *Unity*. Oct. 1 is the target for beginning the program.
